Sebastian Steinhäuser

Mechanical Engineer, B.Sc.

Personal Competence

- Strong communication skills
- Quick comprehension of complex issues
- Analytical-conceptual and goal-oriented thinking
- Openness and sociability
- Strengths in presentations
- Social competence
- Interested in new technologies
- Enthusiastic
- Self-motivated
- Willingness to travel

Work Experience

10/2023 – Present

Research Assistant - Institute of Fluid Mechanics (ISTM) at KIT

Research topic Droplet Impact

- Set up and conduct experiments regarding Droplet Impact to generate a 3D droplet shape from a 2D image
- Developing a method for Distortion Correction using Raytracing in Blender

11/2019 – 06/2024

Member in University Group - Academic Flying Group „Akaflieg Karlsruhe“

Researching, building and flying gliders

- Project management for the reconstruction of a glider
- Maintenance and repair of gliders

04/2022 – 08/2022

Internship - Dr. Ing. h.c. F. Porsche AG at Weissach,

PORSCHE

Department for Construction of Bodysell (EKR3)

- Participation in test on the complete vehicle leak test bench
- Supporting the preparation of test vehicles and test setups for leak tests
- Contributing to the development and maintenance of a complete overview of all relevant test specifications for the department

05/2021 – 7/2021

University Tutor - Institute for Product Development (IPEK) at KIT

Tutor of mechanical engineering IV

- Support and advice for student working groups
- Conducting colloquia

10/2016

Internship - Porsche Center Mannheim

PORSCHE

Mechatronics department

- Maintenance, repair, diagnosis and repair work on Porsche cars
- Removal/dismantling, disassembly and damage assessment of engines and units

Education

Language Skills

German (native)

English (fluent, C1/C2)

Computer Skills

Microsoft-Office (proficient)

Programming Languages:
Matlab (intermediate)

Computer Aided Design:
Catia, Creo

Blender (intermediate)

Driving license
class B

04/2023 – 09/2026

M.Sc. Mechanical Engineering Candidate - Karlsruhe Institute of Technology (KIT)

- Specializations: Fluid Mechanics, Vehicle Dynamics, Vehicle Comfort and Acoustics (NVH)
- Current Grade Point Average: 2.0

10/2018 – 03/2023

B.Sc. Mechanical Engineering - Karlsruhe Institute of Technology (KIT)

- Specialization: Automotive Engineering
- Thesis: Adaption of a High-speed Background Oriented Schlieren Method using Far-field Microscopy Using Ignition Sparks as an Example, Grade: 1.7
- Grade Point Average: 2.5

09/2010 – 05/2018

High School - Werner Heisenberg Gymnasium in Weinheim

- Grade Point Average: 1.3

Additional training courses

04/2021 – 09/2021

'Start in Teaching' - Tutor Program - PEBA at Karlsruhe Institute of Technology (KIT)

- Planning and structuring tutorials for specific target groups
- Preparing complex subject content for learning
- Stimulate and support active and independent learning

01/2021

Remote pilot license A1/A3 - EASA/LBA

- Completion of remote pilot license A1/A3 (for drones, UAS)

11/2015 and 03/2016

Youth Group Leader Basic Course - BDKJ - Federation of German Catholic Youth

Deanery Heidelberg-Weinheim

- Qualification focus: Group pedagogy, Methodology and didactics, Culture of respect
- Following: KjG Group leader at 3 camps with around 100 children in the Years until 2018

08/2016

Language Trip - Weymouth, England

- Participation in a 2-week language school for english

08/2015

Language Trip - Christchurch, England

- Participation in a 2-week language school for english
